

----- **Burnside Rib** -----

The Burnside Rib is an excellent choice for commercial and light industrial wall panels.

The deep 1 ¼" ribs make fasteners less visible, giving a smooth and attractive appearance. The Burnside Rib can be used in either wood or steel frame construction.

Available in 24 different colors in our 26 gauge (grade 50) material. We also carry the unpainted Galvalume with acrylic coating in our 24 gauge (grade 50) material.

----- **General Information** -----

Coverage: The Burnside Rib offers 36 inches of actual coverage with a rib height of 1 - 1/4 inches

Length: Manufactured locally in the Burnside Industrial Park in Dartmouth, Nova Scotia, panels are available in custom lengths to suit your project
